

Report on leadership talk with Mr. Gautam Bambawale, Ex - India's Ambassador to China on 23rd April 2020

Mr. Bambawale briefly describes 3 of the major field of opportunities which the corona pandemic brings us. These are politics, economics and soft issues such as education and tourism. He draws a clear picture regarding the current state of the leading nations like US and China and the problems that they are facing. He also questions the UN's participation and WHO's role in current crisis. At the end of these talks Mr. Bambawale speaks about the challenges we face with the diverse population of India during the lockdown period and discuss few steps to live in harmony and make the best out of it. Conclusively it is briefly discussed what role would India play in the post-pandemic period and how will India-China relationship be affected.
