About the Event

EEE Department, MAIT is conducting an online STTP on June 4, 2021 from 11:15 AM-2:30 PM to empower the technical along with spiritual knowledge of the students. An interactive session on the topic "Renewable Energy Systems (RES)" aims to introduce undergraduate engineering students and faculties with the latest developments in the field of RES. The hands on sessions with expert will give insight as to how the theory is transformed to reality for the end user to reap the benefit of technology. How this is done and what is the future scope of the RES shall be discussed.

Further, a motivational session by speaker, Ms. Kirti Jindal to inspire the students on the topic, "How to unlock your potential and find happiness" is added.
